### 1. Aims

Academies are required under the Equality Act 2010 to have an accessibility plan. The purpose of the plan is to:

- Increase the extent to which disabled pupils can participate in the curriculum
- Improve the physical environment of the academy to enable disabled pupils to take better advantage of education, benefits, facilities and services provided
- Improve the availability of accessible information to disabled pupils

Our academy aims to treat all its pupils fairly and with respect. This involves providing access and opportunities for all pupils without discrimination of any kind.

Our aim is to develop the three essential characteristics of learning progress, mental and physical wellbeing, for every child, building on the foundations developed during the early years of development.

We care for the whole child, nurturing their sense of belonging and community as part of the Park family, ready to take their next step in the world, secure in their sense of self.

The plan will be made available online on the academy website, and paper copies are available upon request.

Our academy is also committed to ensuring staff are trained in equality issues with reference to the Equality Act 2010, including understanding disability issues.

The academy supports any available partnerships to develop and implement the plan including the Academy Trust.

Our academy's complaints procedure covers the accessibility plan. If you have any concerns relating to accessibility in academy, this procedure sets out the process for raising these concerns.

We have included a range of stakeholders in the development of this accessibility plan, including as appropriate: pupils, parents, staff and governors of the academy.

## **Legislation and guidance**

This document meets the requirements of [schedule 10 of the Equality Act 2010](#) and the Department for Education (DfE) [guidance for academies on the Equality Act 2010](#).

The Equality Act 2010 defines an individual as disabled if he or she has a physical or mental impairment that has a 'substantial' and 'long-term' adverse effect on his or her ability to undertake normal day to day activities.

Under the [Special Educational Needs and Disability \(SEND\) Code of Practice](#), 'long-term' is defined as 'a year or more' and 'substantial' is defined as 'more than minor or trivial'. The definition includes sensory impairments such as those affecting sight or hearing, and long-term health conditions such as asthma, diabetes, epilepsy and cancer.

Academies are required to make 'reasonable adjustments' for pupils with disabilities under the Equality Act 2010, to alleviate any substantial disadvantage that a disabled pupil faces in comparison with non-disabled pupils. This can include, for example, the provision of an auxiliary aid or adjustments to premises.

This policy complies with our funding agreement and articles of association.
