

DT – Year 1 – Spring 2

Textiles: puppets (5 lessons – making to be carried over 2 lessons)

	<p>Previous Learning / sticky knowledge</p>	<p><u>EYFS:</u> Physical development Develop small motor skills so that they can use a range of tools competently, safely and confidently.</p> <p>Expressive arts and design Explore, use and refine a variety of artistic effects to express their ideas and feelings. Return to and build on their previous learning, refining ideas and developing their ability to represent them. ELG: Creating with Materials: Safely use and explore a variety of materials, tools and techniques, experimenting with colour, design, texture, form and function. ELG: Creating with Materials: Share their creations, explaining the process they have used.</p> <p><u>This unit:</u> Join fabrics together using pins, staples or glue. Design a puppet and use a template. Join their two puppets’ faces together as one. Decorate a puppet to match their design.</p>		
	Curiosity questions	Substantive knowledge	Disciplinary Knowledge	Key Vocabulary
Wk 1	How can I join fabric?	To know that ‘joining technique’ means connecting two pieces of material together. To know that there are various temporary methods of joining fabric by using staples, glue or pins. To understand that different techniques for joining materials can be used for different purposes.	Using joining methods to decorate a puppet.	design equipment glue hand puppet safety pin technique
	<p><u>Retrieval Practice Questions</u> Last week: Last term: picture of a windmill. How does it work? Last year: name the equipment: needle, thread, scissors, pins, felt</p>			
Wk 2	Why is a template important?	To understand that a template (or fabric pattern) is used to cut out the same shape multiple times. To know that drawing a design idea is useful to see how an idea will look.	Using a template to create a design for a puppet.	decorate design fabric inspiration model stencil template

	<u>Retrieval Practice Questions</u> Last week: agree or disagree? The best way to join fabric together is with safety pins. Last term: what is a structure? Last year: What does sew mean?			
Wk 3	What joining technique will I use?	To know that 'joining technique' means connecting two pieces of material together. To know that there are various temporary methods of joining fabric by using staples, glue or pins. To understand that different techniques for joining materials can be used for different purposes. To understand that a template (or fabric pattern) is used to cut out the same shape multiple times.	Using a template to create a design for a puppet. Cutting fabric neatly with scissors. Using joining methods to decorate a puppet. Sequencing steps for construction.	equipment fabric glue safety pin technique
	<u>Retrieval Practice Questions</u> Last week: think of 5 things you can remember about joining fabric together from the last lessons. Last term: true or false – a design criteria is a list of requirements from a client. Last year: demo how to safely cut wool/thread.			
Wk 4	How can I decorate my puppet?	To know that 'joining technique' means connecting two pieces of material together. To know that there are various temporary methods of joining fabric by using staples, glue or pins. To understand that different techniques for joining materials can be used for different purposes. To know that drawing a design idea is useful to see how an idea will look.	Cutting fabric neatly with scissors. Using joining methods to decorate a puppet. Sequencing steps for construction. Reflecting on a finished product, explaining likes and dislikes.	decorate design criteria equipment inspiration model technique
	<u>Retrieval Practice Questions</u> Last week: Tell your partner everything you have learnt about designing your puppets over this unit? Last term: picture of a slider mechanism. What does it do? Last year: what does pull and push mean?			
Wk 5	How can I decorate my puppet?	To know that 'joining technique' means connecting two pieces of material together. To know that there are various temporary methods of joining fabric by using staples, glue or pins. To understand that different techniques for joining materials can be used for different purposes. To understand that a template (or fabric pattern) is used to cut out the same shape multiple times. To know that drawing a design idea is useful to see how an idea will look.	Using a template to create a design for a puppet. Cutting fabric neatly with scissors. Using joining methods to decorate a puppet. Sequencing steps for construction. Reflecting on a finished product, explaining likes and dislikes.	decorate design criteria equipment inspiration model technique
	<u>Retrieval Practice Questions</u> Last week: show a selection of items used for decorating the puppets. Name the different things. Last term: why is it important to design a plan first? Last year: show a picture of a sewn book mark. How has this been made?
